CURRICULUM VITAE

RRSC AI Center Nepal · Senior Profile

Yam Bahadur Limbu

Senior Developer

RRSC AI Center Nepal

Former: Senior Developer

PROFESSIONAL SUMMARY

Senior PHP Developer with 11 years of experience building scalable, high-performance web applications. Strong expertise in core PHP and modern frameworks such as Laravel, with a solid background in RESTful API development, database design, and system integration. Proven ability to deliver end-to-end solutions from requirement analysis to deployment and maintenance while ensuring code quality, security, and performance. Experienced in working on enterprise and government projects, collaborating with cross-functional teams, and adopting best practices to create reliable and maintainable systems.

EXPERTISE

- Strong expertise in developing scalable web applications using PHP (Laravel / CodeIgniter / Symfony).
- Experienced in designing and implementing RESTful APIs for web and mobile integration.
- Skilled in MVC architecture, OOP principles, and clean coding standards for maintainable systems.
- Proficient in database design and optimization using MySQL/PostgreSQL.
- Knowledge of security best practices including prevention of SQL injection, XSS, and CSRF vulnerabilities.
- Experience working with frontend technologies (HTML, CSS, JavaScript, jQuery) for full-stack support.

MAJOR PROJECTS

- **Project Name: Design, Develop, Deploy, Implement and Support for Integrated Labour Management Information System (ILMIS)**, Client: Department of Labour and Occupational Safety, Nepal, worked as Senior Developer.
- **Project Name: Development of a database and data management system**, Client: Strengthening Systems for Better Health Activity (SSBH), USAID, worked as Sr. Developer.
- **Project Name: Design, Development and Deployment of Road Accident Information Management System (RAIMS)**, Client: Department of Transport Management, Nepal, worked as Sr. Developer/Trainer.
- **Project Name: Development of Case Management System**, Client: Datec PNG Ltd., worked as QA.

CURRICULUM VITAE — YAM BAHADUR LIMBU — CONTINUED

EDUCATION

Bachelor of Computer Application, Indira Gandhi National Open University, India.

CENTRE AFFILIATION

The above professional operates within the RRSC AI Center Nepal — the wholly-affiliated Global Innovation Hub of The Rob Rockefeller Standard Carbon LLC for Artificial Intelligence, Cybersecurity, and Digital World, located in Lalitpur. The Centre operates from a 5,000+ sq. ft. dedicated facility staffed by 50+ certified IT engineers and 15 senior managers, with 200+ cumulative professional years and 14+ years of institutional delivery, under ISO 9001:2015 certification.

OPERATING FRAMEWORK

- **Strategic direction:** the Centre operates under the global strategic direction of the RRSC AI & Defense Division (Milan, Italy), reporting to the Group's Chief of Staff for AI, Cybersecurity, and Digital World.
- **Doctrine:** all engineering deliverables comply with the sovereign-AI doctrine, encryption standards, and architectural principles of the Group, including the AURYNTHEON AGI Initiative roadmap and the 4096-bit quantum-resistant cryptographic protocol.
- **Quality framework:** ISO 9001:2015 standards for software development lifecycle, quality assurance, configuration management, and customer satisfaction, applied to every Authorised Work executed at the Lalitpur centre.
